REPORT OF THE
COUNTY COMMISSIONERS

The County Commissioners of Bristol County herewith submit the following as their annual report upon the affairs of the County of Bristol for the year 1912, in accordance with the provisions of Chapter 21, Section 25, of the Revised Laws.

FINANCIAL CONDITION.

The permanent debt of the County at the beginning of the year was seven hundred and fifty-seven thousand five hundred dollars ($757,500.00); of this indebtedness there was paid during the year the sum of fifty thousand dollars ($50,000.00) viz: on account of the Fall River District Court House, $20,000 00; on account of the Attleborough District Court House, $10,000.00; on account of the New Bedford Registry Building $20,000.00.

The permanent debt of the County at the end of the year was seven hundred and ninety-seven thousand five hundred dollars ($797,500.00) and is made up as follows:

County notes on account of the Fall River and Somerset Bridge,	$270,000.00
County notes on account of New Bedford and Fairhaven Bridge,	100,000.00
County notes on account of Fall River District Court House,	87,500.00
County notes on account of Registry Building at New Bedford,	180,000.00
County notes on account of Attleborough District Court House,	80,000.00
County notes on account of New Bedford District Court House,	70,000.00
County notes on account of New Bedford and Acushnet Bridge,	10,000.00
	$797,500.00

During the past year the sum of three hundred and forty-seven thousand dollars was raised by direct taxation, and it is estimated that the sum of three hundred and fifty-three thousand dollars will be necessary for the coming year.

The estimates for the past year in quite a number of departments proved to be insufficient, viz: for salaries and expenses, district and police courts; for civil expenses in supreme and superior courts; for medical examiners, inquests and care of the insane; for repairing, furnishing and improving County buildings; for care, fuel, lights and supplies in County buildings, other than jails and houses of correction.

A brief summary of the receipts and expenditures of the County during the year is as follows:

	$92,494.49

For specific details as to the receipts and expenditures of last year we beg leave to refer to the report of the County Treasurer.

HIGHWAYS.

No petitions for highways were received during the year.

By Chapter 539, Acts of 1912, the County Commissioners of the County of Bristol were authorized and directed to lay out and construct a highway and bridge

with suitable approaches over the Acushnet River between the City of New Bedford and the Town of Acushnet at such place or between such points as said Commissioners with the approval of the Harbor and Land Commissioners may determine; such bridge to be constructed without a draw.

In accordance with the provisions of said Act the Commissioners gave public hearing relative to the location of said bridge and the necessary hearings for the laying out of highways and on November 5th, 1912, laid out said highway and have received bids for the construction of said highway and bridge, but no contract has been awarded as yet.

STATE HIGHWAYS.

During the past year there has been paid to the State the sum of fourteen thousand seven hundred and forty-eight dollars and forty-nine cents ($14,748.49) on account of State Highways.

The accompanying tables which have been received from the State Highway Commissioners give in detail the number of miles built, together with the cost of constructing and maintaining the same in the several cities and towns of the County.

BRIDGES.

In our last report we stated that the expenses incurred in making repairs to the Brightman Street Bridge between the City of Fall River and the Town of Somerset, caused by the settling of the piers, would be quite heavy, and that the Legislature had been asked to pass a law as to the apportionment of these expenses. During the past year an Act relative to the same has been passed by the Legislature, viz: Chapter 717, Acts of 1912, by the provisions of which the charge of this bridge has been placed in the Massachusetts Highway Commission, and said Bridge became a State Highway, and all laws relative to State Highways were, so far as applicable, applied thereto in the same manner and to the same extent as if the bridge were a land and not a water-way; all expenses of keeping the bridge in repair and operating the same and the expenses incurred by the County of Bristol in restoring said bridge to sound condition, and in making it suitable for travel, to be borne by the Commonwealth. This Act took effect June 5, 1912, and since that time the bridge has been in the control of the State Highway Commission and the expenses of the same have been borne by the Commonwealth.

Proposals for building the bridge over the Acushnet River authorized by Chapter 539 of the Acts of 1912 and laid out by the Commissioners Nov. 5, 1912, were received Dec. 17, 1912, but as no bid was low enough to permit the building of the bridge within the appropriation no contract was awarded. On December 31, 1912, we authorized our engineer to alter the specifications for building the bridge for the purpose of attempting to bring it within the appropriation, and we hope to be successful in this attempt, so that it will not be necessary to ask the Legislature for an additional appropriation.

COUNTY BUILDINGS.

During the past year at the House of Correction, New Bedford, new boilers were installed and are now working satisfactorily. Other than the above no extensive repairs have been made at this institution during the year.

At the Taunton Jail quite extensive repairs became necessary as nothing has been done in this line for some time.

No extensive repairs were made on any of the other County Buildings during the year and it is not anticipated that any will be needed during the coming year.

The new Court House at Attleborough for the Fourth District Court has been completed and is now occupied, proving satisfactory in every way.

By an Act of the Legislature approved April 5, 1912, the County Commissioners were authorized and required to erect in the City of New Bedford a suitable fire-proof building for the Third District Court and to equip and furnish the building suitably for the district, police and juvenile courts and for other purposes incidental thereto. Part of the land has been purchased on which to erect this building and it is hoped that the same will be well under construction before the end of the coming year.

PETITIONS ENTERED DURING THE YEAR.
